Notification

Sub.: Launching of 'Open Access portal' for online submission of application for grant of Open Access/ NOC for Medium/Long term Open Access by Maharashtra-STU.

As per Transmission open access (TOA) Regulation 2016 & Amendment Regulations, 2019, Clause 8.12, "The Nodal Agency shall provide the facility of on-line submission of Applications for Connectivity and Open Access within ninety days from the notification of these Regulations. As directed by Hon. MERC, STU being the Nodal agency has developed an online portal for online submission of application for grant of Open Access/ NOC for Medium/Long term Open Access.

The online portal is live from 03.05.2024. The applicant seeking Open Access from Non-Renewable energy are requested to apply for grant of Open Access /NOC from STU for Medium/Long term Open Access through Online portal only. Hard-copy/Offline application for grant of Open Access /NOC will not be accepted by STU henceforth.

The online Portal is developed In-house by MSETCL IT Team in coordination with STU(R&C) section and now the portal is available on MSETCL website.

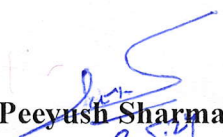

Following is pathway for Open Access login page:

Mahatransco home page-->Maharashtra STU--> Open access--> Non green energy open access--> [Open access applications.]

Open Access Portal URL: https://openaccess.mahatransco.in/open_access/login.

Please note that, the applicant seeking Open Access from Renewable energy are requested to apply for grant of Open Access /NOC from STU for Medium/Long term Open Access through Online portal on Green Open Access Registry (GOAR) portal developed by NLDC.

All Distribution Licensees/Applicants are requested to take a note of above and co-operate to make this process successful.

(Peeyush Sharma)
Chief Engineer (STU)
