- 25.2 Notwithstanding any provision under clause 34.1, the Owner shall not in any way be liable for non-performance either in whole or in part of any Contract or for any delay in performance thereof in consequence of strikes, shortages of labour or workmen or lockout, breakdown or accident to machinery or accidents of whatever nature, These causes shall not be treated as 'Force Majeure' but subject to the provision and stipulation made in clause of liquidated damages for late delivery/execution.

- 25.3 The Contractor or the Owner shall not be liable for delays in performing their respective obligations resulting from any force majeure causes as defined above. The date of completion will be extended by a reasonable time by mutual agreement.
- 25.4 In case of damage or destruction of any property or equipments belonging to the Contractor due to force majeure causes, the Owner shall not be liable for the same.
- 25.5 The Owner shall have the right to inform the Contractor not to ship any part of the equipment due to weather or any other reasonable cause and in all such cases, the Contractor shall withhold shipment of such parts without any extra charge for storage for a reasonable time.

26.0 EXTENSION OF TIME LIMIT FOR COMPLETION

- 26.1 If by reasons of extra or additional work or any natural phenomenon or any cause beyond the control of the Contractor or the Owner as defined in the clause entitled “force majeure”, the Contract shall have been delayed or impeded in the completion of the works, whether such delay or impediment occurs before or after the time or extended time fixed for completion, provided that the Contractor shall without delay have given to the Engineer a notice in writing of his claim for an extension of time, the Engineer shall on receipt of such notice grant the Contractor either prospectively or retrospectively such extension of time fixed by the Contract for the completion of work as may be justified. The Contractor shall have no other claim against the Owner in respect of delay and disorganization of the work arising from occurrences here in above mentioned.

27.0 LIQUIDATED DAMAGES

- 27.1 If the Contractor fails to complete all the works within the time frame stipulated as completion period or within any extension of time granted by the Owner, the Owner shall levy liquidated damages for breach of Contract without prejudice to any other rights and/or remedies provided for the Contract in case the progress is not to the satisfaction of owner.
- 27.2 The liquidated damages shall be levied at 1/2% (half percent) of the total Contract price per week of delay subject to **maximum of 10% (Ten percent)** of the Contract price for the entire scope of work. In case of such maximum delay, The Contract may be terminated by the Owner and the balance work shall be completed by the Owner at the risk and cost of the Contractor. **The Contractor shall submit the financial securities in the form of BG equivalent to maximum amount of LD.**

28.0 TERMS OF PAYMENT:

- 28.1 The payment to the contractor for the performance of the works under the contract shall be made by the owner as per guidelines and conditions specified herein. All payments made during the contract shall be on account payee only. The final payment shall be made on completion of the whole work as per the contract and on fulfillment by the contractor of all his liabilities under the contract.
- 28.2 The owner shall make progressive payments as and when those are due as per the payment schedule. Payment shall become due and payable by the owner within 45 days from the date of receipt of contractor's bills/invoices (except final bill) by the Owner, provided the documents submitted with the invoices are complete in all respects. The contractor shall submit the bill invoice in triplicate.

29.0 TERMS OF PAYMENT

- 29.1 The payment to the contractor for the performance of the works under the contract shall be made by the owner as per guidelines and conditions specified herein. All payments made during the contract shall be on account payee only. The final payment shall be made on completion of the whole work as per the contract and on fulfillment by the contractor of all his liabilities under the contract.
- 29.2 The owner shall make progressive payments as and when those are due as per the payment schedule. Payment shall become due and payable by the owner within 45 days from the date of receipt of contractor's bills/invoices (except final bill) by the Owner, provided the documents submitted with the invoices are complete in all respects

30.0 MODE OF PAYMENT TO CONTRACTOR

All payment due to the Contractor shall be paid only by 'Account Payee Cheque or Online payment'.

- 30.1 The Contractor shall present his invoice for the works done. After verification of such invoice by Owner, all items having financial value shall be entered and certified in Owner's Measurement Book by the "Engineer In charge" and these certified invoices along with relevant supporting documents complete in all respect shall be presented for payment.
- 30.2 The work is to be measured as per standard procedure. The measurement shall be taken jointly by persons duly authorized on the part of Owner and by the Contractor.
- 30.3 If, at any time due to any reason whatsoever, it becomes necessary to re-measure the work done in full or in part, the expense towards such re-measurement shall be borne by the Contractor.
- 30.4 The Contractor shall bear the expenditure involved, if any, in making the measurement. The Contractor shall, without extra charges, provide all the assistance with appliances and other things necessary for measurement.
- 30.5 The measurement entered in the measurement books and the bills prepared shall be signed and dated by both the Contracting parties.
- 30.6 The Contractor will have to intimate in writing to the engineer for the proposed date of measurement. If the Contractor does not intimate and carry out measurement in time, the Engineer shall have the powers to proceed by himself to take measurement in which case the measurement shall be accepted by the Contractor as final.
- 30.7 Passing of measurement as per bills does not mean to acceptance or the completion of the work mentioned. Any left out work has to be completed if pointed out at a later date by Engineer.
- 30.8 The Contractor shall be directly responsible for payment of wages to his workmen.
- 30.9 The payment for the works shall be made directly to the Contractor by the Owner.
- 30.10 **PAYMENT SCHEDULE**

a) For supply of Material/Equipments:

- i) 60% of the cost of supplied items will be paid within 60 days from the date of receipt at site.
- ii) Balance 30% of the equipment cost shall be payable within 60 days from the date of erection of equipments and further balance 10% from the date of successful commissioning (or from the date of readiness for commissioning in all respects, duly tested at rated voltage) of the respective package and on production of necessary documents duly certified by the owner's site engineer.

b) For Erection, Testing & Commissioning (ETC):

- i) 90% of the charges towards ET C shall be paid within 60 days from the date of erection of equipment.
- ii) Balance 10% shall be paid within 60 days from the date of successful commissioning (or ready for commissioning in all respects, duly tested at rated voltage) on production of necessary documents duly certified by the owner's site engineer. The payment period of 60 days as stated above shall commence from the date of receipt (in the purchaser's office) of all the relevant documents, complete in all respects, supporting the claim(s) for payment.

c) Mode of Payment to Contractor:

All payment due to the contractor shall be paid only by Account Payee cheques/ Online payment. The Contractor shall present every month his invoice for the supply/works done in the Preceding month. The invoice/bill for supply/works should be separately submitted.

31.0 DEDUCTION FROM CONTRACT PRICE

All costs, damages or expenses which the owner may have paid, for which; under the contract; the contractor is liable; will be claimed by the owner. All such claims shall be billed in form of letters by the owner to the contractor regularly as and when they fall due. Such bills shall be supported by appropriate and certified vouchers or explanations to enable the Contractor to properly identify such claims. Such claims shall be paid by the Contractor within fifteen (15) days of the receipt of the corresponding bills and if not paid by the contractor within the said period, the Owner may then deduct the amount from any amount due or becoming due by him to the Contractor under the contract or Bank Guarantee issued by the Contractor or may be recovered by actions of law or otherwise, if the Contractor fails to satisfy the Owner of such claims.

32.0 CONTRACTOR'S DEFAULT

- 32.1 If the Contractor shall neglect to execute the works with due diligence and expedition or shall refuse or neglect to comply with any reasonable orders given to him in writing by the engineer in connection with the works or shall contravene the provisions of the Contract, the Owner may give notice in writing to the Contractor to make good the failure, neglect or contravention complained. Should the Contractor fail to comply with the notice within thirty(30) days from the date of service thereof then and in any such case, the Owner shall be at liberty to employ other workmen and forthwith execute such part of the works as the Contractor may have neglected to do or, if the Owner shall think fit, it shall be lawful for him, without prejudice to any other right he may have under the Contract, to take the works wholly or in part of the Contractor's hand and re-Contract with any other person or persons to complete the works or any part thereof and in that event the Owner shall have free use of Contractor's all equipment that may have been at the time on the site in connection with the works without being responsible to the Contractor for fair wear and tear thereof and to the exclusion of any right of the Contractor over the same, and the Owner shall be entitled to retain and apply any balance money which may otherwise be due on the Contractor thereof as may be necessary, to the payment of the cost of executing the said part of the works or completing the works, as the case may be. If the cost of completing the works or executing a

part thereof as aforesaid shall exceed the balance due to the Contractor, the Contractor shall pay such excess. The Owner shall have the right to terminate the Contract in case of Contractor's default.

- 32.2 In addition, such action by the Owner as aforesaid shall not relieve the Contractor of his liability to pay liquidated damages for delay in completion of works as defined in Contract.
- 32.3 The termination of the Contract under this clause if affected by the Owner shall not entitle the Contractor to reduce the value of the performance guarantee nor the time thereof. The performance guarantee, shall be valid for the full value and for the full period of the Contract including 90 days after settlement of final bill

33.0 TERMINATION OF CONTRACT

- 33.1 The Owner may upon written notice of default by the Contractor, terminate the Contract in the circumstances detailed hereunder:
- a) If, in the opinion of the Owner the Contractor fails to make completion of work within the time specified in the Contract agreement or within the extended period of delivery granted by the Owner.
 - b) If in the opinion of the Owner, the Contractor fails to comply with any of the other provisions of the Contract including technical requirements, statutory provisions etc.
- 33.2 In the event the Owner terminates the Contract in whole or in part as provided above, the Owner reserves the right to purchase the materials/equipments and get work executed as deemed by the Owner to be similar to the one contracted for, upon such terms and in such manner as the Owner may deem proper and the Contractor shall be liable to the Owner for any additional cost for such similar works.
- 33.3 If the Contract is terminated under the provisions of this clause, the Owner, in addition to any other rights that he may have in terms of the Contract, may require the Contractor to transfer title and deliver to the Owner and in the manner as directed by the Owner,
- a) Any completed equipment/works.
 - b) Such partially completed equipments, works, drawing, information and Contract rights as the Contractor has specifically produced or acquired for the performance of such parts of this Contract which has been terminated
- 33.4 The Owner shall pay to the Contractor the Contract price for the completed equipment delivered to and accepted at the rates as provided for in the Contract or where no rates are provided for in the Contract, at the rates deemed reasonable by the Owner after deduction by the Owner for the additional expenses incurred by him in getting the balance equipment from agencies other than the Contractor.
- 33.5 In all such cases where the Contract has been terminated due to Contractor's defaults, the decision of the Owner regarding the reasonability of the price for the parts completed and accepted and for which no rates are available in the Contract shall be final and binding on the Contractor.

34.0 REJECTION

- 34.1 In the event any of the equipment supplied/work done by the Contractor is found to be defective in material or workmanship or otherwise not in conformity with the requirements of the Contract even after rectification by the Contractor during the guarantee period, the Owner shall have the right to reject part or the whole of the work and call upon the Contractor to rectify the work by a new one at his own expenses. If the Contractor fails to do so the Owner may either replace or rectify work and charge to the Contractor the excess cost incurred by the Owner for replacement with a 15% overhead expenditure to cover the Owner's cost or terminate the Contract for Contractor's default as provided for in the Contract.
- 34.2 In the event the Contractor is unable to replace the rejected material within reasonable time, the Owner reserves the right to acquire the said work at a reduced price considered equitable under the circumstances and the decision of the Owner as regards such reduced price shall be binding on the Contractor.

35.0 DELAYS BY OWNER OR HIS AUTHORISED REPRESENTATIVES

- 35.1 In case the Contractor's performance is delayed due to any act of omission on part of the Owner or his authorized representatives, then the Contractor shall be given due extension of time for the completion of the works to the extent such omission on the part of the Owner has caused delay in the Contractor's performance of his work.
- 35.2 The Contractor desirous of extension of time for completion of work on this ground shall apply in writing to the engineer well in advance before the expiry of the stipulated period of completion. Regarding reasonableness or otherwise of the extension of time, the decision of the Engineer shall be final.
- 35.3 No additional costs will be payable on account of this occurrence.
- 35.4 If in the opinion of the Engineer such suspension of work is not due to any default on the part of the Contractor, the time for completion of the works shall be extended for a period corresponding to the duration of suspension of works without any additional costs to MSETCL.

36.0 MODIFICATION & RECTIFICATION:

- 36.1 The modification, rectification, rework, revamping (in brief, any work done to change the existing state to the desired state) and also fabrication all or any, as are needed due to any change in or deviation from the drawing and design of equipment, operation/maintenance requirement, mismatching, transit damages and other allied works which are not very specifically indicated in the drawings, but are found essential for satisfactory completion of the work, if are required to be done, no extra charges shall be paid to the Contractor.
- 36.2 For the above work, any material and consumable required will also have to be arranged by the Contractor at his cost.
- 36.3 All the above type of work shall preferably be carried out by separate personnel. Diversion of regular working personnel for such work shall not be permissible and no delay or slow progress should be caused due to executing such works. The Contractor shall not be liable for extension in contract period for carrying out such works.

- 36.4 If any rectification is suggested by Engineer-In-Charge, with in settlement of final bill the agency should carry out the same and submit all related deliverables to this office. No extra charges will be given for any modification or rectification.

37.0 COMPLETION OF CONTRACT

Unless otherwise terminated under the provision of any other relevant clause, this contract shall be deemed to have been completed at the expiration of the guarantee period as provided for under the clause entitled 'Guarantee' and upon release of last payment to the Contractor by the Owner, whichever is later.

38.0 ARBITRATION

38.1 The matters to be determined by the Chief Engineer:-

All disputes and differences of any kind whatsoever arising out of or in connection with the contract, whether during the progress of the work or after its completion and whether before or after the determination of the contract, shall be referred by the contractor to C.E. and the C.E. shall (within 120 days after receipt of the contractor's representation make and notify decisions of all matters to by the contractor in writing.

38.2 Demand for Arbitration:

In the event of any dispute or difference between the parties hereto as to the construction or operation of this contract, or the respective rights and liabilities of the parties on any matter in question, the dispute or difference on any account or as to the withholding by MSETCL of any certificate to which the contractor may claim to be entitled to, or if the C.E. fails to make a decision (within 120 days) then and in any such case, the contractor (after 120 days) but within (180 days) of his presenting his final claim on disputed matters, shall demand in writing that the dispute or difference to be referred to arbitration.

- 38.3 The demand for arbitration shall specify the matters which are in question, or subject of the dispute or difference as also the amount of claim item wise. Only such dispute(s) or difference (s) in respect of which the demand has been made, together with counter claims or set off shall be referred to arbitration and other matters shall not be included in the reference. a) The arbitration proceedings shall be assumed to have commenced from the day, a written and valid demand for arbitration is received by the Board. b) The claimant shall submit his claim stating the facts supporting the claims along with all relevant documents and the relief or remedy sought against each claim within a period of 30 days from the date of appointment of the Arbitral Tribunal. c) The MSETCL shall submit its defence statement and counter claim(s), if any, within a period of 60 days of receipt of copy of claims from the Tribunal thereafter unless otherwise extension has been granted by the Tribunal.

- 38.4 No new claim shall be added during the proceedings by either party. However, a party may amend or supplement the original claim or defence thereof during the course of arbitration proceedings subject to acceptance by Tribunal having due regard to the delay in making it. 36.1.4 If the contractor(s) does/do not prefer his/their specific and final claims in writing within a period of 90 days of receiving the intimation from the MSETCL, that the final bill is ready for payment, he/they will be deemed to have waived his/their claim(s) and the Board shall be discharged and released of all liabilities under the contract in respect of these claims.

38.5 Obligation during pendency of Arbitration:

Work under the contract shall, unless otherwise directed by the Engineer, continue during the

arbitration proceedings, and no payment due or payable by the MSETCL shall be withheld on account of such proceedings, provided, however, it shall be open for Arbitral Tribunal to consider and decide whether or not such work should be continued during arbitration proceedings.

- 38.5.1 In cases where the total value of all claims in question added together does not exceed Rs. 1, 00,00,000/- (Rupees One Crore) the Arbitral Tribunal shall consist of a Sole Arbitrator who shall be either the C.E. of the MSETCL OR serving or retired officer of the MSETCL/Government not below the grade of C.E. or equivalent nominated by the Chairman of the MSETCL in that behalf. The Sole Arbitrator shall be appointed within 60 days from the day when a written and valid demand for arbitration is received by the MSETCL.
- 38.5.2 In cases where the value of the claim exceeds Rs.1,00,00,000/- (Rupees One Crore) as above, the Arbitral Tribunal shall consist of a panel of 3 serving or retired officers of MSETCL/Govt. not below the grade of C.E./ C.A.O. as the Arbitrators. For this purpose, the MSETCL will send a panel of more than 3 names of arbitrators of one or more department of the MSETCL /Govt. to the contractor who will be asked to suggest to the Chairman at least 2 names for appointment as contractors nominee. The Chairman shall appoint at least one of them as contractors nominee and will also appoint the balance number of arbitrators either from the panel or from outside the panel, duly indicating the presiding arbitrator from amongst the three (3) arbitrators so appointed. While nominating arbitrators, it will be necessary to ensure that one of them is or has worked in Accounts department.
- 38.5.3 If one or more arbitrators appointed as above refuses to act as arbitrator, withdraws from his office as arbitrator or vacates his/their office/offices or is/are unable or unwilling to perform his functions as arbitrator for any reason whatsoever or dies or in the opinion of the Chairman fails to act without undue delay, the Chairman shall appoint new arbitrator/s to act in his/their place in the same manner in which the earlier arbitrator/s had been appointed. Such reconstituted Tribunal, may, at its discretion proceed with the reference from the stage at which it was left by the previous arbitrator(s).
- 38.5.4 The Tribunal shall have powers to call for such evidence by way of affidavits or otherwise as the Arbitral Tribunal shall think proper, and it shall be the duty of the parties hereto to do or cause to be done all such things as may be necessary to enable the Arbitral Tribunal to make the award without any delay.
- 38.5.5 While appointing arbitrator(s) as above, due care shall be taken that he/they is/are not the one/those that had an opportunity to deal with the matters to which the contract relates or who in the course of his/their duties as Boards servant(s) expressed views on all or any of the matters under dispute or differences. The proceedings of the Arbitral Tribunal or the award made by such Tribunal will, however, not be invalid merely for the reason that one or more arbitrator had, in the course of his service, opportunity to deal with the matters to which the contract relates or who in the course of his/their duties expressed views on all or any of the matters under dispute.
- 38.5.6 Arbitral award shall state item wise, the sum and reasons upon which it is based.
- 38.5.7 A party may apply for corrections of any computational errors, any typographical or clerical errors or any other error of similar nature occurring in the award and interpretation of specific point of award to tribunal within 30 days of receipt of the award.
- 38.5.8 A party may apply to Tribunal within 30 days of receipt of award to make an additional award as to claims presented in the arbitral proceedings, but omitted from the arbitral award.

- 38.5.9 In case of the Tribunal comprising of three members any ruling or award shall be made by a majority of members of Tribunal. In the absence of such a majority, the views of the Presiding Arbitrator shall prevail.
- 38.5.10 where the arbitral award is for payment of money, no interest shall be payable on whole or any part of the money for any period till the date on which the award is made.
- 38.5.11 the cost of the arbitration shall be borne equally by the respective parties. The cost shall inter-alia include fees of the arbitrators as per the rates fixed by the MSETCL from time to time. Provided that the fees payable per arbitrator for claims up to Rs.One Crore, shall not exceed Rs.2000/- per sitting subject to a maximum of Rs.25,000/- and the fees payable per arbitrator for claims over Rs.One Crore, shall not exceed Rs.2000/- per sitting subject to a maximum of Rs.50,000/-. Provided 22 further that the arbitrators who are in service of Govt./MSETCL shall draw fees at half of the rates mentioned above.
- 38.5.12. MSETCL shall maintain a list of arbitrators. The Chairman shall have full powers to delete or add the name of the arbitrators in the list or to make amendments to the said list as per his discretion.
- 38.5.13 the arbitral proceedings should be completed and the award be finalized within one year from the date of appointment of arbitrators
- 38.5.11 the arbitral proceedings should be completed and the award be finalized within one year from the date of appointment of arbitrators.
- 38.5.12 Subject to the provisions as aforesaid, Arbitration & conciliation Act, 1996 and the rules there under, and any statutory notification thereof shall apply to the arbitration proceedings under this clause.

39.0 SUSPENSION OF WORK

The Contractor shall, on the written order of the Engineer, suspend the progress of the works or any part thereof for such time or times and in such manner as the Engineer may consider necessary and shall, during such suspension, properly protect and secure the work so far as is necessary in the opinion of the Engineer. If such suspension is not due to any default on the part of the Contractor the time for completion of the works shall be extended for a period corresponding to the duration of the suspension of works

40.0 TERMINATION OF CONTRACT ON OWNER'S INITIATIVE

- 40.1 The owner reserves the right to terminate the contract either in part or in full for reasons other than those under clause 'Contractor's Default'. The owner shall in such an event give fifteen (15) days notice in writing to the contractor of his decision to do so.
- 40.2 Contractor upon receipt of such notice, shall discontinue the work on the date and time specified in the notice, make all reasonable efforts to obtain cancellation of all orders and Contracts to the extent they are related to the work terminated and upon terms satisfactory to the Owner, stop all further sub-Contracting or activity related to the work terminated and assist the Owner in maintenance, protection and disposition of the works acquired under the Contract by the Owner.
- 40.3 In the event of such a termination, the Contractor shall be paid reasonable compensation dictated by the circumstances prevalent at the time of termination for the executed work.

41.0 POWER TO VARY OR OMIT WORK

- 41.1 No alterations, amendments, omissions, suspensions or variations (hereinafter referred to as “Variation”) of the works under the Contract as detailed in the Contract Documents shall be made by the Contractor except as directed in writing by the Engineer, but the engineer shall have full powers subject to the provisions hereinafter contained from time to time during the execution of the Contract, by notice in writing to instruct the Contractor to make such variation without prejudice to the Contract. The Contractor shall carry out such variation and be bound by the same conditions as far as applicable as though they said variations occurred in the Contract documents. If any suggested variation would, in the opinion of the Contractor, if carried out, prevent him from fulfilling any of his obligations or guarantees under the Contract, he shall notify the engineer thereof in writing and the Engineer shall decide forthwith whether or not, the same shall be carried out and if the engineer confirms his instructions, Contractor’s obligations and guarantees shall be modified to such an extent as may be mutually agreed. Any agreed difference in cost occasioned by any such variation shall be added to or deducted from the Contract price as the case may be.
- 41.2 In the event of the Engineer requiring any variation, such reasonable and proper notice shall be given to the Contractor to enable him to make his arrangement accordingly, and in cases where any work done requires to be altered, a reasonable and agreed sum in respect thereof shall be paid to the Contractor.
- 41.3 In any case in which the Contractor has received instructions from the Engineer as to the requirements of carrying out the altered or additional substituted work which either then or later on will, in the opinion of the Contractor, involve a claim or additional payment, the Contractor shall immediately and in no case later than thirty (30) days after receipt of the instructions aforesaid, and before carrying out the instructions advise the Engineer to that effect. But the Engineer shall not become liable for the payment of any charges in respect of any such variations, unless the instructions for the performance of the same are confirmed in writing by the Engineer.
- 41.4 If any variation in the works results in reduction of Contract price, the parties shall agree in writing as to the extent of any change in the price.
- 41.5 In all the above cases, in the event of a disagreement as to the reasonableness of the said sum, the decision of the Engineer shall prevail.
- 41.6 Not-with-standing anything stated above in this clause, the Engineer shall have the full power to instruct the Contractor, in writing during the execution of the Contract, to vary the quantities of the items or groups of items. The contractor shall carry out such variations and be bound by the same conditions; as though they said variations occurred in the contract Documents.

42.0 ENFORCEMENT OF TERMS

The failure of either party to enforce at any time any of the provisions of this contract or any rights in respect thereto or to exercise any option herein provided shall in no way be construed to be a waiver of such provisions, rights or options or in any way to affect the validity of the Contract. The exercise by either party of any of its rights herein shall not preclude or prejudice either party from exercising the same or any other right it may have under the contract.

43.0 ACCESS TO SITE AND WORKS ON SITE

- 43.1 The works shall be carried out at such time as the Owner may approve and the Owner shall give the Contractor facilities as brought out in the contract for carrying out the works.

- 43.2 In the execution of the works, no persons other than the Contractor or his duly appointed representative, sub-contractor and workmen, shall be allowed to do work on the site, except with the special permission, in writing, of the engineer or his representative.

44.0 LINES AND GRADES

- 44.1 All the works shall be performed to the lines, grades and elevations indicated on the drawings. The Contractor shall be responsible to locate and layout the work. Basic horizontal and vertical control points will be established and marked by the Engineer at site at suitable points. These points shall be used as datum for the works under the contract. The Contractor shall inform the Engineer well in advance of the times and places at which he wishes to do work in the area allotted to him, so that suitable datum points may be established and checked by the Engineer to enable the Contractor to proceed with his work. Any work done without being properly located may be removed and/or dismantled by the Engineer at Contractor's expense.
- 44.2 If any time during the progress of works any error shall appear or arise in the position, levels, dimension or alignment of any part of the work, the Contractor on being required to do so by the Engineer or Engineer's representative shall at his expense, rectify such error.
- 44.3 The Contractor shall carefully protect and preserve all bench marks, reference points, pegs and other things used in setting out, locating and layout of the works.

45.0 CONTRACTOR'S MATERIAL BROUGHT TO SITE

- 45.1 The ownership of contractor's all goods, tools and plants shall, from the time of their being brought to site, vest in the owner, and these may be used for the purpose of the works and shall not on any account be removed or taken away by the Contractor from the site without the written permission of the Engineer. The Contractor shall nevertheless be solely liable and responsible for any loss or destruction thereof and damage thereto.
- 45.2 The Owner shall have a lien on such goods for any sum or sums which may at any time be due or owing to him by the Contractor, under in respect of or by reasons of the contract. After giving a fifteen (15) days notice in writing of his intention to do so, the Owner shall be at liberty to sell and dispose of any such goods, in such manner as he shall think fit including public auction or private treaty and to apply the proceeds in or towards the satisfaction of such sum or sums due as aforesaid.
- 45.3 After the completion of the works, the Contractor shall remove from the site under the direction of the Engineer the materials such as construction equipment, erection tools and tackles, etc. with the written permission of the Engineer. If the Contractor fails to remove such materials within fifteen (15) days of issue of a notice by the Engineer to do so, then the Engineer shall have the liberty to dispose of such materials as detailed above and credit the proceeds thereto to the account of the Contractor after deducting reasonable expenses incurred by the Engineer for such disposal.

46.0 CO - OPERATION WITH OTHER CONTRACTORS AND OWNER

- 46.1 The Contractor shall co-operate with all other Contractors or tradesmen of the Owner, who may be performing other works on behalf of the Owner and the workmen who may be employed by the Owner in the vicinity of the works under the Contract. The Contractor shall also so arrange to perform his work as to minimize, to the maximum extent possible, interference with the work of other Contractors and his workmen. Any injury or damage that may be sustained by the employees of the other Contractors and the Owner, due to the Contractor's work shall promptly be made good at his own expense. The Engineer shall

determine the resolution for any difference or conflict that may arise between the Contractor and other Contractors or between the Contractor and the workmen of the Owner in regard to their work. If the works of Contractor are delayed because of any acts/omissions on the part of another Contractor, the Contractor shall have no claim against the Owner other than an extension of time for completing his works

- 46.2 The Engineer shall be notified promptly by the Contractor of any defects in other Contractor's works that could affect the Contractor's works. The Engineer shall determine the corrective measures, if any, required rectifying this situation after inspection of the works and such decisions by the Engineer shall be binding on the Contractor.

47.0 WORK TO BE OPEN TO INSPECTION AND CONTRACTOR OR RESPONSIBLE AGENT TO BE PRESENT

- 47.1 All works under or in course of execution or executed in pursuance of the Contract shall at all times be open to the inspection and supervision of the Engineer and the Contractor shall at all times during the usual working hours and at all other times at which reasonable notice of the intention of the Engineer to visit the works shall have been given to the Contractor, either himself be present to receive orders and instructions or have a responsible agent duly accredited in writing, present for that purpose. Orders given to the Contractor's duly authorized agent shall be considered to have the same force and effect as if those had been given to the Contractor himself.

48.0 NOTICE TO BE GIVEN BEFORE WORK IS COVERED UP

- 48.1 The Contractor shall give not less than seven days notice in writing to the Engineer before covering up or otherwise placing beyond the reach of measurement any work in order that the same may be measured and correct dimensions thereof taken. In case the Contractor covers up the work without such notice, the Engineer reserves the right to get the same uncovered at the risk and expense of the Contractor.

49.0 REMEDY OF DEFECTS

If at any time before the works are finally taken over by the Owner, the Engineer shall-

- a) decide that any work done or plant supplied or materials used by the Contractor or any contractor is/are defective or not in accordance with the contract or that the works or any portion thereof are defective or do not fulfil the requirements of the contract (all such matters being here-in after in this clause called 'defects') and

The insulation (XLPE) screening shall be provided consisting of extruded semi conducting cross link material in combination with a metallic layer of copper tapes. Three such screened cores shall be laid up together with fillers and / or binder tapes where necessary and provided with extruded inner sheathing of heat resistant PVC conforming to type ST-2 of IS-5831/1984 or other relevant IS in force applicable to the supply of material.

Maximum continuous operating temperature shall be 90 deg. Celsius under normal operation and 250 deg Celsius under short circuit condition.

Repaired cables shall not be accepted allowable tolerance on overall diameter of the cable shall be $\pm 2\text{mm}$

Armoring shall be provided consisting of single galvanized round steel wires (In case of single core cable armoring shall be of non magnetic material) conforming to IS-3975/1988 or other relevant IS in force applicable to the supply of material. (amended upto date) and over the armoring a tough outer sheath of PVC compound shall be extruded. The PVC compound for the outer sheath shall conform to type ST-2 of IS-5831/1984 or other relevant IS in force applicable to the supply of material. (amended upto date). The color of the outer sheath shall be black. The cable shall be manufactured strictly conforming to IS-7098 part-2/1985 or other relevant IS in force applicable to the supply of material emended upto date and shall bear ISI mark.

The aluminum conductor for cables shall be made from Electrical Purity Aluminum, stranded, compacted & confirming to IS-8130/1948 or other relevant IS in force applicable to the supply of material amended upto date.

- 4.2 Sequential Marking of length on cable. Non erasable sequential marking of length shall be provided by Embossing on outer sheath of the cable for each meter length.

4.3 DISCHARGE FREE CONSTRUCTION

Inner conductor shielding, XLPE insulation and outer core shielding shall extruded in one operation by special process (i.e. triple extrusion process) to ensure that the outer shielding with insulation is achieved. The bidder is requested to elaborate the manufacturing technique adopted by their manufacturers to achieve this motive.

The MSETCL will order the verification of triple extrusion process at manufacturer's works at a pre-qualification for technically accepting the bid. During verification if it is found that the firm is not manufacturing the cable with triple extrusion process the offer shall be rejected.

4.4 Continues A.C. current capacity

Continuous a.c. current capacity shall be as per table given below:

Sr.No.	Conductor size in sq.mm.	Continuous ac current capacity in Amps at maximum conductor temperature of 90 deg. Celsius	
		When laid direct in ground 30Deg C	When laid direct in ground 30Deg C
		22kV	22KV
1	70 Sq.mm	155	165
2	95 Sq.mm	175	200
3	120 Sq.mm	195	230
4	150 Sq.mm	225	265
5	185 Sq.mm	255	310

7	300 Sq.mm	325	396
8	400 Sq.mm	385	460
9	500 Sq.mm	450	590

4.5 Short Circuit Current

Short circuit current of 22kV XLPE cable shall be as per Table given below:

Sr. No.	Duration of Short Circuit (t)	Area of AL Conductor A	Short Circuit Current in KA
			$I=0.094 * A / \text{sq.rt (t)}$
1	1	70 Sq mm	6.58
2	1	95 Sq mm	8.93
3	1	120 Sq mm	11.28
4	1	150 Sq mm	14.10
5	1	185 Sq mm	17.39
6	1	240 Sq mm	22.56
7	1	300 Sq mm	28.20
8	1	400 Sq mm	37.60
9	1	500 Sq mm	47.00
10	1	630 Sq mm	59.20

5.0 TESTS AND TESTING FACILITIES:

5.1 Type Tests

All the type tests in accordance with IS-7098(Part-2) 1985 or other relevant IS in force applicable to the supply of material, amended upto date, shall b performed on cable samples drawn by purchaser. Type tests are required to be carried out from the first lot of supply on a sample of any one size of cable ordered for each voltage grade. In case

facilities of any of type test are not available at the works of the supplier, then such type test shall be carried out by the supplier at the independent recognized laboratory at the cost of supplier. Sample for the type test will be drawn by the purchaser's representative and the type test will be witnessed by him.

Supplier, however can claim exemption from carrying out type tests as above, provided such type test were already conducted for MSETCL in past within five years and test certificates thereof submitted to SE EHV PC Pune may at his option grant waive from carrying out type tests if the test certificates are acceptable. In case of other Government recognized laboratories/ Test house valid approved government certificate shall be enclosed along with test.

5.2 **Routine Test:**

All the routine tests as per IS-7098 (Part-2) 1985 or other relevant ARE in force applicable to the supply of material amended up to date shall be carried out on each and every delivery length of cable. The result should be given in the test report. Partial discharge test must be carried out in any fully screened test cell. It is thereof, absolutely essential that the manufactures should have the appropriate type of facility to conduct this test which is routine test.

The details of facility available in the manufacturers work in this connection should be given in the bid.

5.3 **Acceptance Tests:**

All the acceptance tests as per IS-7098 (Part-2) 1985 or other relevant IS in force applicable to the supply of material as modified upto date including the optional test as per clause no. 18.4 and flammability test shall be carried out on sample taken from the delivery lot.

5.4 **Short Circuit test:**

The contractor shall also undertake to arrange for the short circuit test as type test on any one size of each voltage grade of earthed grade shielded XLPE cables ordered at a recognized testing center such as central power research institute at Bangalore/ Bhopal at the cost of suppliers. If facilities for carrying out short circuit test are available at the works of the supplier, and provided the certification procedure is approved by the purchaser, testing at the suppliers works will be acceptable. Short circuit test shall be witnessed by the purchaser's representative.

The short circuit test shall be preceded and followed by the following tests so as to ensure that the characteristics of the cable remains within the permissible limits even after it is subjected to the required short circuit rating.

- a) Partial Discharge Test
- b) Conductor Resistance Test
- c) High Voltage Test

The above manufactured cable will be acceptable only after each a sample test is successfully carried out on sample length of cable of approved size with 2 end termination & straight though joints in between.

The manufactured cable will be acceptable only after each a sample test is successfully carried out at CPRI or at the supplier works and approved by the purchaser.

The contractor however claim exemption from carrying out short circuit test provided the S.C. Test was carried out by the supplier on any one size of the cable ordered of same voltage grade for MSEDCL/ MSETCL in the past within five years and the test certificates thereof submitted to our SE EHV PC Pune. SE EHV PC Pune may at his option grant waiver from carrying out short circuit test if the test certificates are acceptable.

5.5 Testing Facilities

The supplier / Tender shall clearly state as to what testing facilities are available in the works of manufacturer and whether the facilities are adequate to carry out type, routine and acceptance test s mentioned in specified IS. The facilities shall be provided by the bidder to purchaser's representative for witnessing the test in the manufacturer's works, reasons should be clearly stated in tender.

6.0 PACKING AND MARKING

6.1 Identification Marks on cable

The following particulars shall be enclosed on the outer sheath at intervals of not exceeding 1.00 mtr. Through out of the length of cable.

- a) Manufacturers Names/ Trade name
- b) Voltage grade
- c) Year of Manufacturing
- d) MSETCL
- e) Successive length

Each drum shall carry the manufacturers name, the purchaser's name, and address and contact number and type, size and length of the cable, net and gross weight stenciled on the both side of drum. A tag containing the same information shall be attached to the leading end of the cable. An arrow and suitable accompanying wording shall be marked on one end of the reel indicating the direction in which it should be rolled.

Packing shall be sturdy and adequate to protect the cables, from any injury due to mishandling or other conditions encountered during the transportation, handling and storage. Both the cable ends shall be with PVC/ Rubber caps so as to eliminate ingress of water transportation and erection.

The cable shall be supplied in continuous standards length of 300 running meters with plus minus 5% tolerance wound on non returnable wooden drum and non standard lengths not less than 100 meters upto 5% of the ordered quantity shall be accepted. Alternatively cable can be supplied wound on non returnable steel drum without any extra cost to the purchaser. Packing and making should be as per clause no. 21 of IS 7098(Part-II) 1985 or other relevant IS in force applicable to the supply of material amended upto date. A layer of waterproof paper shall be applied to the surface of the drum & over the outer most cable layer.

7.0 QUALITY ASSURANCE

A detailed list of brought out items, which got into the manufacture of cables. Should be furnished indicating the name of the firms from whom the items are procured. The bidder shall enclose the quality assurance plan invariably along with the offer followed

by him in the respect of the brought out items, items manufactured by him and raw materials in the process as well as final inspection, packing and marking. The board may at its option order the verification of these plans at manufactures works as a pre-qualification for technically accepting the bid. During verification if it is found that the firm is not meeting with the quality assurance plan submitted by the firm, the offer shall be liable for rejection.

8.0 SCHEDULES:

- 8.1 The tender shall fill in the following schedules which form a part of tender specification and offer in schedule A the specific values shall be furnished and only quoting of IS reference is not sufficient. If the schedules are not submitted duly filled in with the offer, the offer shall be liable for rejection.

Schedule 'A'	Guaranteed Technical Particulars (GTP)
Schedule 'B'	Deviations from Specification
Schedule 'C'	Tenderer's Experience
Schedule 'D'	Deviation from Specified standards
Schedule 'E'	Deviation from specified test requirements

- 8.2 All deviation from the specification shall be brought out in the schedules of deviation (Schedule B D & E) The discrepancies between the specification and the catalogues/literatures and indicative drawings which are subjected to change, submitted as part of the offer, shall not be considered and representation in this regards will not be entertained. If it is observed that there is deviation in the offer in GTP or elsewhere other than those specific in deviation schedule B then such deviation shall be treated as deviations.
- 8.3 For any deviation from the specification, which is not specifically brought out in the schedule of deviation, the offer may be liable for rejection. The deviation brought out in the schedule shall be supported by authentic documents, standards and clarification otherwise the offer may be liable for rejection.
- 8.4 The tenderer shall submit the list of orders for similar type of equipments executed or under execution during the last three years, with full details in the schedule or tenderer's experience (Schedule C) to enable the purchaser to evaluate tender.
